

AGENDA

**III SCHOOL ON
NEUROMUSCULAR
DISEASES AND
PERIPHERAL NERVOUS
SYSTEM DISEASES**

MAY 24-25, 2019

LVIV

DAY 1

24.05.2019

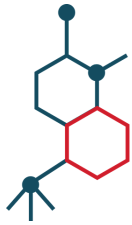

- 11:15-11:30** **Welcome & introduction**
- 11:30-13:50** **Session I. Neuromuscular diseases. From symptom to diagnosis**
- 11:30-12:10** **Neuromuscular diseases: the ongoing revolution**
prof. Andoni Urtizberea, Paris
- 12:10-12:40** **Genetic aspects of NMD and current gene influencing options**
Gayane Akopian, Lviv
- 12:40-13:10** **Ptosis and ocular manifestations of NMD and not only. When you see the diagnosis written all over the face**
Natalia Bozhenko, Lviv
- 13:10-13:40** **Pathological muscular activity. A path to the diagnosis**
Orest Semeryak, Lviv
- 13:40-13:50** **Discussion**
- 13:50-14:30** **Lunch break**
- 14:30-16:10** **Session II. Diseases of accumulation**
- 14:30-15:00** **When Pompe disease mimicks the whole neuromuscular spectrum: recognition, diagnosis and treatment**
prof. Andoni Urtizberea, Paris
- 15:00-15:30** **Diseases of accumulation with myopathic syndrome. Pompe disease (clinical cases presentation)**
Natalia Samonenko, Kyiv; Natalia Pichkur, Kyiv
- 15:30-15:50** **Why the treatment is not always effective with diseases of accumulation?**
Gayane Akopian, Lviv
- 15:50-16:10** **Breathing correction for patients with NMD**
Valeriy Artemenko, Odesa
- 16:10-16:30** **Coffee break**
- 16:30-18:00** **Session III. Diagnostics of motor neuron diseases. Standards and treatment perspectives**
- 16:30-17:10** **Spinal muscular atrophy. Review. Current treatment options**
Dr. Sabrina Paillé, Zug
- 17:10-17:30** **Amyotrophic lateral sclerosis. Current diagnosis and treatment options**
Yuriy Matviyenko, Lviv
- 17:30-17:50** **Kennedy disease**
Halyna Makukh, Lviv; Khrystyna Bakun, Lviv
- 17:50-18:00** **Discussion**

DAY 2

25.05.2019

- 
- 09:00-10:50** **Session IV. Auxiliary diagnostic methods in NMS and PNS diseases. Masterclasses**
- 09:00-09:20** **Ultrasound capacities on NMD**
Stefan Meng, Vienna
- 09:20-09:40** **Clinical cases of muscles and nerves MRI**
Andriy Bachun, Lviv
- 09:40-10:00** **EMG in clinical cases**
Natalia Yavorska, Lviv
- 10:00-10:20** **Session V. Muscle dystrophies. Is there a cure?**
- 10:20-10:50** **Limb-girdle muscular dystrophies. Differential diagnosis. Current treatment options**
- 10:50-11:10** **Botulin therapy of spasticity: a place within the successful rehabilitation concept**
Lyudmyla Fedoryshyn, Lviv
- 11:10-11:30** **Coffee break**
- 11:30-13:30** **Session VI. Autoimmune diseases**
- 11:30-12:00** **Myasthenia and myasthenic syndromes. Differential diagnosis**
Dmytro Maltsev, Kyiv
- 12:00-12:20** **Thymectomy in myasthenia**
Ihor Pip, Lviv
- 12:20-12:40** **Chronic inflammatory demyelinating polyneuropathy (CIDP)**
Lyudmyla Fedoryshyn, Lviv
- 12:40-13:00** **Multifocal motor neuropathy. Management. Treatment tactics**
Orest Semeryak, Lviv
- 13:00-13:20** **Inflammatory myopathies. Treatment tactics**
Omelyan Synenkyi, Lviv
- 13:20-13:30** **Discussion**
- 13:30-14:00** **Lunch break**
- 14:00-15:20** **Session VII. Secondary and genetically determined polyneuropathies**
- 14:00-14:20** **Neuropathies caused by endocrine disorders. Differential diagnosis**
Natalia Bozhenko, Lviv
- 14:20-14:40** **Charcot-Marie-Tooth disease. Current diagnosis and treatment options**
Bohdan Tretiak, Lviv
- 14:40-15:00** **Neuropathies caused by toxic influence**
Orest Semeryak, Lviv
- 15:00-15:40** **Session VII. Multidisciplinary approach to the neuromuscular diseases treatment**
- 15:00-15:20** **Dysphagia and dysarthria in neuromuscular diseases**
Halyna Stanetska
- 15:20-15:40** **Physiotherapy. Is there an optimal exercise dosage?**
TBC
- 15:40-16:00** **Clinical cases presentation**
- 16:00-16:10** **Discussion**
- 16:10** **Closing remarks and certificates awarding**
Orest Semeryak
